

## Reflective Address Signs

The City of Cherryvale is now taking orders for address signs with reflective house numbers. Your purchase of an address sign is an easy, economical way to ensure that our Fire and Police departments can quickly locate your home in case of an emergency.

Cherryvale's ordinance regarding house numbers states that all homes and buildings in Cherryvale must be numbered, and numbers must be at least two inches in height, legible, and conspicuously displayed. Purchase of an address sign with reflective numbers will ensure that you are in compliance with this ordinance, and that your home is easy to locate when you need the help of emergency services. Signs can be displayed both vertically and horizontally.

To place your order, fill out this form and return to City Hall with payment. Make checks payable to City of Cherryvale. There is a sample address plate displayed in City Hall. If you would like your sign installed, the Fire Department will install it free of charge.

### Address Sign Order Form

**Address panel:** red with white border, 6" x 18" (can be installed vertically or horizontally)
